DOCENTE: Prof. FRANCESCO LA MANTIA

PREREQUISITES	Required is a basic knowledge of a foreign language: English or French.
LEARNING OUTCOMES	ECTS credits for this course are awarded to students who: Knowledge and understanding: •have demonstrated knowledge and understanding about the most salient topics that come up in philosophy of language as well as advanced knowledge of secondary literature that provides a basis or opportunity for originality in developing and/or applying ideas, often within a research context; Applying knowledge and understanding: •can autonomously apply their theoretical linguistic knowledges with particular reference to their field of study, as well as to apply their knowledge to examine critically texts or examples derived from the analysis of the activity of language; Making judgements: •have the ability to integrate their linguistic knowledge and formulate judgements with incomplete or limited information, but that include reflecting on epistemological and formal consequences linked to the application of their knowledge and judgements; •have the learning skills to allow them to continue to study in a manner that may be largely self-directed or autonomous. Communication: •can communicate their conclusions, and the knowledge and rationale underpinning these, to specialist and nonspecialist audiences clearly and unambiguously. Their communicative and argumentative abilities will be strengthened thanks to the practical activities (seminars, guides lectures, and so on...) included in the program.
ASSESSMENT METHODS	ONGOING EVALUATION: There will be a mid-term writing assignment. Final oral assessment: The oral assessment is a viva in which knowledge and skills in the field of study are going to be tested. Final pass marks go from 18 to 30 points cum laude. The student is required to answer at least 2 or 3 oral questions regarding the whole program of study with reference to the suggested books. Questions shall assess a) Knowledge and understanding b) cognitive and practical skills c) ability to communicate; d) making judgements. Note European Qualifications Framework 30 - 30 cum laude a) advanced knowledge of a field of work or study, involving a critical understanding of theories and principles b) advanced skills, demonstrating mastery and innovation, required to solve complex and unpredictable problems in a specialised field of work or study c) fully adequate use of specialized language d) take responsibility for managing and innovate the study field 26 29 a) comprehensive, specialised knowledge within a field of work or study and an awareness of the boundaries of that knowledge b) a comprehensive range of cognitive and practical skills required to develop creative solutions to abstract problems c) comprehensive use of specialized language d) exercise management and supervision in contexts of work or study activities 22 25 a) knowledge of facts, principles, processes and general concepts, in a field of work or study. b) basic skills required to accomplish tasks and *solve problems by selecting and applying basic methods, tools, materials and information c) basic capacity to use specialized language d) basic capacity to take responsibility for completion of tasks in work or study 18-21 a) basic general knowledge b) basic skills required to carry out simple tasks c) basic capacity to communicate relevant informations d) basic capacity to take responsibility for completion of tasks in work or study
